

The Reach Dance Project, Inc.

is a non-profit organization that produces dance performances whose proceeds are donated to charity. Our events unify many local professional and amateur dance companies, leveraging the arts to impact our shared community. Additionally, our concerts allow the public to experience a wide range of dance styles in one location.

The entire organization works without compensation and operates purely on the efforts of our extensive volunteer network. All net proceeds will be donated to our specified charitable organization. By supporting The Reach Dance Project you are enabling choreographers and dancers to use their love of the arts to support local causes.
